Marking and Feedforward Policy

INTENT

At Goldsmith Primary Academy we believe that a successful quality marking and feedforward policy will contribute to all children being active participants in their learning enabling them to reach their academic and personal potential. In doing so, our comprehensive Marking and Feedforward Policy reassures and motivates children and adults alike in the pursuit of excellence in learning. Marking is an important part of the assessment process and reflects the aims of the school, which seek to encourage the highest possible standards for each child.

Our policy is underpinned by key principles. We believe that good marking practice includes:-

IMPLEMENTATION

Effective Feedback should:

- Be provided in a timely manner
- Provide clear information to children about the strengths and weaknesses of their work.
- Encourage children to strive and improve and promote independence of self correcting.
- Direct children to what they need to do to improve their work and the next steps they need to take.
- Identify achievements and the next steps in their learning
- Relate to learning objectives for each lesson
- Give children specific praise for the success of their work, showing it is valued
- Give children clear strategies on how they can improve their work through next steps
- Be read by pupils and time should be given for them to improve their work
- Help teachers evaluate teaching and inform future planning and next steps in learning
- Provide a tool for teacher assessment
- Help parents to understand the strengths and areas to develop in their children's work.

IMPACT

Why do we mark children's work?

- To help teachers monitor children's progress and to diagnose what has not been understood so as to assist forward planning and learning

- To provide helpful feedback to children so that: their needs are identified and we can discuss with them what they find difficult and the next steps they need to take
- To ensure that children's achievements are recognised thus giving encouragement and building confidence
- To ensure set tasks have been carried out to an expected standard

Peer and Self Assessment

From the Early Years upwards, pupils will be involved in the assessment process. We expect pupils to take ownership of their learning and have many opportunities to reflect through peer and self-assessment.

- Teachers will share learning objectives (LO) with pupils in all lessons
- Teachers will clarify, understand and share clear success criteria for pupils to self or peer assess against as appropriate.
- We encourage pupils to see themselves as the 'first markers' and audience for their learning. Children should be encouraged to find their OWN mistakes and to check and improve their own work individually or with the help of a peer before showing their work to the teacher. As such, this will be through using VCOP colours within their writing.
- Teachers must plan for feedback to take place and should include a range of assessment types including peer and self-assessment.

Children's response to marking:

All staff emphasize the importance of understanding the marking system and the positive effect the process has upon the pupils. Close reflection and review of the teachers' marking by the pupils is imperative, otherwise it negates the precious time the teacher has spent upon it, and does little to improve learning. Children should be given time, at the start of each lesson or in a discrete time set to be able to read and respond to the written feedback the teacher has provided. Children should be encouraged to ask for clarification, if they do not understand a comment and should be clear about what they need to do in their next piece of work, as a result of the feedback they have received. Children should be expected to respond to the written feedback, either by correcting their mistake in purple pen or by writing a reply.

Quality teacher Next Step marking: Rich formative assessment to 'close the gap' or extend:

There are four types of Next Steps:

- 1) Scaffolding- A child has a misconception or error and the teacher provides a scaffolded response to get them unstuck and to make progress.
- 2) Find and Fix- Signposting work to improve with a clear focus. E.g Question 2 has an error in place value. Find and fix.
- 3) Consolidation- A child needs more practise, or the teacher wants to assess if they are able to demonstrate a skill independently
- 4) Further Challenge / Stretch- A child has demonstrated secure understanding during the lesson and so is offered a challenge or a new context. Examples can be seen further down this policy.

EYFS

In EYFS, marking and feedback strategies include:

- Verbal Praise
- Stickers and stamps
- Written annotations- using a circle for letter/number formation,
- short and narrative observations (written)
- Annotation of work and photographs by staff
- Children beginning to annotate their own work and pictures
- Oral dialogue with children about their play, work or special books

EYFS

What is my #feedforward telling me?

All Year Groups:

Your teacher will be giving you verbal #feedforward in all of your lessons. As they give you #feedforward. Your teacher will visit your books, to give you written #feedforward in your work. They will do this in green pen. You will see these three symbols appear in your work:

Edit and correct your work in purple pen, so it is clear for your teacher to see how you have made progress.

Symbol			
Meaning	A tick means your teacher likes something you have done or you have correctly answered a question.	A circle around a word or answer means you have made a mistake. You need to correct this using purple pen.	An arrow means your teacher would like you to complete an additional work or follow an example. Please do this using purple pen.

It is **YOUR** responsibility to make changes to your work.

You will frequently be asked to self-assess in purple pen. You may need to ✓ or • your work. Sometimes, you will be asked to highlight your work for VCOP:
